# Thekweni Reinforcing: leading the way in reinforcing steel products and services

THEKWENI Reinforcing is a leading provider of reinforcing steel products and services to the construction industry. Established in January 2000, the company is a Level 2 B-BBEE Contributor and an associate member of both Masterbuilders KZN and SAFCEC. It is ISO 9001:2008 certified and its range of services includes the supply, cutting, bending, delivery and installation of steel reinforcing.

Although Thekweni Reinforcing has always prioritised customer satisfaction, the addition last year of its dedicated customer service centre has resulted in a new level of efficiency for the customer who requires a “pick-up and-go” service. Located at 186 Aberdare Drive in Phoenix Industrial Park, this smooth-running and efficient customer service centre enables customers to order and take delivery of their product within hours.

**High-profile projects**

Thekweni Reinforcing’s services are available throughout KZN and the Eastern Cape through its branches in Stanger and Durban. This well-established, sector-leading company has successfully completed numerous high-profile and challenging contracts, including:

☐ Umgeni Interchange;

☐ Galleria Shopping Centre

☐ One on Herrwood

☐ Watercrest Shopping Centre

☐ Value Logistics Distribution Centre in Cato Ridge.

**Product range**

The company’s comprehensive service and product range includes:

☐ The supply, cutting, bending, delivery and installation of steel reinforcing;

☐ BRC weld mesh;

☐ Welded pile cages;

☐ Galvanised Brickforce; and

☐ The Bartec Coupling System (to replace splicing of bars).

In addition to the above, Thekweni Reinforcing’s latest offerings include the following light steel sections:

☐ Tubing;

☐ Square bar;

☐ Flat bar;

☐ Round bar; and

☐ Angles.

**Customer focused**

When dealing with Thekweni Reinforcing, customers are assured of high-quality products, quick turnaround times and value for money. The company’s experienced and service-driven sales team is dedicated to customer fulfilment.

Contact Thekweni Reinforcing in Durban on 031 507 1455 or in Stanger on 032 552 3910. For further information, visit the website at [www.thekwenireinforcing.co.za](http://www.thekwenireinforcing.co.za)
